DSI AFTERSALES & SERVICE

RELIABILITY AND PERFORMANCE

SERVICE SOLUTIONS

DSI Aftersales & Service department ensures a high level of service, efficient maintenance and operational reliability for your DSI plate freezers and handling equipment.

When ordering spare parts or a service check please remember to include freezer type and number as well as project description of handling equipment.

With DSI as your service partner, you are guaranteed an ongoing service, maintenance, repair, high quality spare parts and your own service agreement. We provide a complete service solution and spare part kit always customized your needs.

Please send all inquiries for spare parts and service to our mail service@dsifreezing.com or call directly on phone [+45 21 15 42 99](tel:+4521154299).
