

DSI SERVICE & SUPPORT

HIGH RELIABILITY AND PERFORMANCE

SERVICE & SUPPORT

DSI Service & Support offers worldwide comprehensive after sales support, covering everything from provision of spare parts to maintenance, rebuilds and upgrades as well as on-call customer support and advice.

SERVICE AGREEMENTS

Through our service agreements, we regularly support your freezing and handling equipment to minimize downtime and to improve safety. We provide skilled technicians and supervisors to maintain your equipment on a planned maintenance and repair schedule including a number of favorable benefits, discounts and special offers.

SPARE PARTS

Minimize down time and keep your essential freezing equipment running without interruption. When replacement parts are needed, our After sales team can provide pricing along with item lead times and we guarantee worldwide quick delivery of original spare parts.

Remember to include freezer type and number as well as project description of handling equipment, when ordering DSI spare parts.

REBUILDS & UPGRADES

We offer various upgrades and rebuilds related to both mechanical and electrical hardware, energy consumption, implementation of latest technology, automated machines and robots as well as optimization of flows, processes and production lines. Modernizing your freezing solution will maximize your results.

YOUR SERVICE TEAM

Our support engineering team are highly responsive and experienced, and we provide comprehensive service support throughout the entire life cycle of our products:

- We provide extended out of hours support
- Whatever your questions, we ensure a quick, reliable and efficient response to all queries
- Wherever you are in the world, we can deliver on site repairs and maintenance worldwide
